DETAILED ACTION

Allowable Subject Matter

1. Claims 9-11, 13, 14 and 23-27 are allowed.

2. The following is an examiner's statement of reasons for allowance:

Claims 9-11, 13 and 14; prior art fails to disclose or suggest, inter alia, passively controlling inrush current with a passive device for a predetermined amount of time; generating a power factor control signal; and implementing the power factor control signal to actively control the inrush current, and wherein actively controlling the inrush current shunts output current around the passive device and through an active device.

Claims 23-27; prior art fails to disclose or suggest, inter alia, means for passively controlling inrush current with a passive device for a predetermined amount of time, based upon a determination that an inrush current condition does exist, means for generating a power factor control signal; and means for implementing the power factor control signal to actively control the inrush current, wherein the means for implementing the power factor control signal to actively control the inrush current comprises means for shunting output current around the passive device and through an active device.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Gary L. Laxton whose telephone number is (571) 272-2079. The examiner can normally be reached on Monday thru Thursday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Michael Sherry can be reached on (571) 272-2084. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
